

ANTONIO SESSA

SENIOR QA ENGINEER

ISTQB® Certified Tester - CTFL & CT-TAE

PSM™ Scrum Master

 [in/antoniosessa](https://www.linkedin.com/in/antoniosessa)

 Milan, Italy

About me

"Give me a lever, a place to stand and well-done investigation, and I will move the earth." - Archimedes' semi-cit.

I was born as tireless curious. I'm a proactive guy, used to knowledge sharing and receiving feedbacks (whether positive or negative).

In my spare time I enjoy capturing the beauty around me, and deep dive in the world of personal finance.

Hard skills

- **Debugging**
- Requirements analysis
- Testbook management
- **Defect and bug management**
- Reporting and KPIs
- User experience
